Narrative

- Current enrollment numbers is 808 Students (Usa River Campus), 49 Students (Kijenge Campus) & 45 Students (Ilboru Campus), 244 Students (Arusha Modern Campus), 55 Students (Boma Campus).

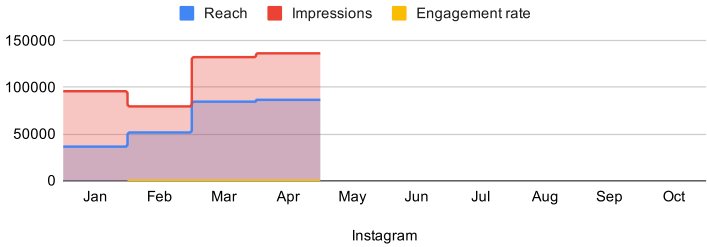

In August, community engagement through events was the main driver of enrollment, creating meaningful opportunities to connect with prospective parents and convert interest into confirmed enrollments.

In the coming month, we will focus on developing and implementing enrollment strategies and plans for the coming year, using insights from recent engagement activities to strengthen lead generation, follow-up, conversion, and parent engagement.

B	New Parent Leads Link Click HERE to access Leads Tracker Summary for 2026	Narrative In August, events and community engagement generated strong opportunities to capture and nurture leads, with direct parent interactions supporting the conversion of interest into enrollments. In the coming month, we will focus on reviewing lead sources and conversion patterns from these activities and developing a stronger lead-generation and follow-up strategy to support enrollment targets for the coming year.	
C	Social Media Content Target vs Actual Content Total VS Content Target Content Total Content Target 200 150 100 50 0 Jan Feb Mar Apr May Jun Jul Aug Sep Oct Nov Dec Cumulative Content Month	Narrative We are prioritizing the creation of high-quality social media content to strengthen our school's visibility. For August, we utilized content from our campuses events, school routines and class activities, so as to highlight our unique value offerings, capturing authentic moments that reflect our brand's spirit and the impact of our initiatives. In August , our cumulative ads nearly reached the target as we focused heavily on building awareness and strengthening visibility across our key channels. To ensure stronger growth and better support enrollment in May, we will enhance our ad frequency, refine the targeted audience and integrate more data-driven optimization to maximize reach.
